CUSTOM VETERAN SUPPORT

**Sometimes, coming home
is just the beginning
of another battle.**

**That's why we are
committed to serving and
supporting veterans in need.**

MISSION

Heidrea For Heroes was established in 2013 as a 501(c)(3) non-profit organization to provide important support services to our military men and women upon their return to civilian life. We offer a range of support designed for both short and long term positive impact for veterans who can benefit from a helping hand.

Our mission is to provide **adaptive housing renovations, vehicle modifications, veteran/family support, specialized mobility equipment and workforce training** that will inspire and motivate veterans and families to move forward. By providing a positive direction for our United States veterans during unexpected hardships, we honor their service.

CUSTOM VETERAN SUPPORT

36 Cordage Park Circle, Ste. 300
Plymouth, MA 02360

HOME.

BUT WHAT DOES THE FUTURE HOLD?

GUIDING PRINCIPLES

At Heidrea For Heroes, we are driven by a core set of guiding principles, creating a standard for organizational philosophy and our daily operations. These principles include:

- integrity
- commitment
- accountability
- compassion
- quality
- vision
- honor – a fundamental value that underscores all that we do to honor the sacrifice of our veterans and their families

Heidrea For Heroes provides resources and support designed to deliver positive change to veterans in southeastern Massachusetts. By making resources and trade skills available to enhance the quality of life for our veterans, we seek to inspire countless possibilities as they transition from military to civilian life.

WORKFORCE TRAINING

Many veterans of our Armed Services enlisted straight out of high school and the skills they learned for combat and field roles may not be directly transferable to a job in civilian life. Discipline and hard work are ingrained in the service, but finding a quality job post-military can require new training opportunities. As its distinguishing niche, Heidrea For Heroes will offer hands-on workforce training in trades such as electrical work, telecommunications, construction, and software. Classes and programs will be taught by qualified instructors and industry experts to prepare veterans for success in the job market.

Our goal is to provide Massachusetts veterans with a unique opportunity that will help them achieve self-sufficient employment and a means for professional satisfaction and personal productivity.

APPLY FOR SUPPORT

If you, or a veteran you know, could use a helping hand, please contact us to share information. Applications may be filled out online via our website or a hard copy can be mailed to you. Family members may also initiate an application.

HOW YOU CAN HELP

Support from the community is central to our efforts and you can help make a real difference! Donations to Heidrea For Heroes are tax-deductible and every contribution, large or small, helps us achieve our mission. Donations can be mailed to us or made securely from our website, www.heidrea4heroes.org.

Interested in learning about corporate sponsorship opportunities? Please call 774-773-3951 to hear about the many benefits of company involvement. Volunteer opportunities are also available on an as-needed basis and we encourage you to get in touch if you want to offer your time or talent with upcoming projects or events.
